

PENN STATE'S *AWARD - WINNING BLACK ALUMNI*

“MAY OUR LIVES BUT SWELL THY FAME,
DEAR OLD STATE, DEAR OLD STATE.”

Penn State, in its more than 150 years, has grown from a small agricultural college to a preeminent research university. Along the way, our alma mater has earned a reputation as one of the finest public universities in the country, due in part to the great professional and personal lives of alumni.

This booklet shines a spotlight on some of the highest achieving black alumni—those who have been honored with Penn State’s and the Penn State Alumni Association’s highest awards: Distinguished Alumni, Alumni Fellow, and Alumni Achievement.

These lives have but swelled Penn State’s fame indeed.

We have made every effort to ensure the accuracy of honoree information; however some historical information may not be completely updated.

Original printing, April 2008; Second edition includes relevant bio updates and award recipients honored between April 2008 and March 2012.

*** On bios, denotes the individual is deceased.*

ABOUT THE AWARDS

Distinguished Alumni Award

The Distinguished Alumni Award, established in 1951, recognizes the achievements of outstanding alumni “whose personal life, professional achievements, and community service exemplify the objectives of The Pennsylvania State University.” Alumni are nominated by trustees, faculty, staff, and alumni, then chosen by the Board of Trustees.

Alumni Fellow Award

The Alumni Fellow Award is the most prestigious award given by the Penn State Alumni Association. Administered in cooperation with Penn State’s academic colleges and campuses, the program, established in 1973, provides recipients with the opportunity to return to campus to share their knowledge with the University community.

Alumni Achievement Award

The Alumni Achievement Award, begun in 2005, recognizes alumni who are 35 years of age and younger for their extraordinary professional accomplishments. Nominated by an academic college or campus, these prominent young alumni return to campus to interact with students and the University community, demonstrating that Penn State alumni succeed in exceptional fashion at an early age.

Historical Note: The first alumni award, the Distinguished Alumni Award, was established in 1951. In 1971, the University recognized the first black alumnus with a Distinguished Alumni Award. Outstanding black alumni have been recognized since.
